# HOW IT BEGAN

A history of progress

Mr Lim Thiam Tee assumed the business from his father on 1938 and the business was extended to 4 sites in Singapore; Synagogue Street, Church Street, Palmer Road and Havelock Road.

## 1938

Our story began nearly a century ago, rooted in hard work and dedication.

### The Beginning

### Our History

## 1931

Our humble beginnings started with Mr Lim Boon Qian who started the business working as a one man operation in wood salvage and wooden box manufacturing along Church Street.

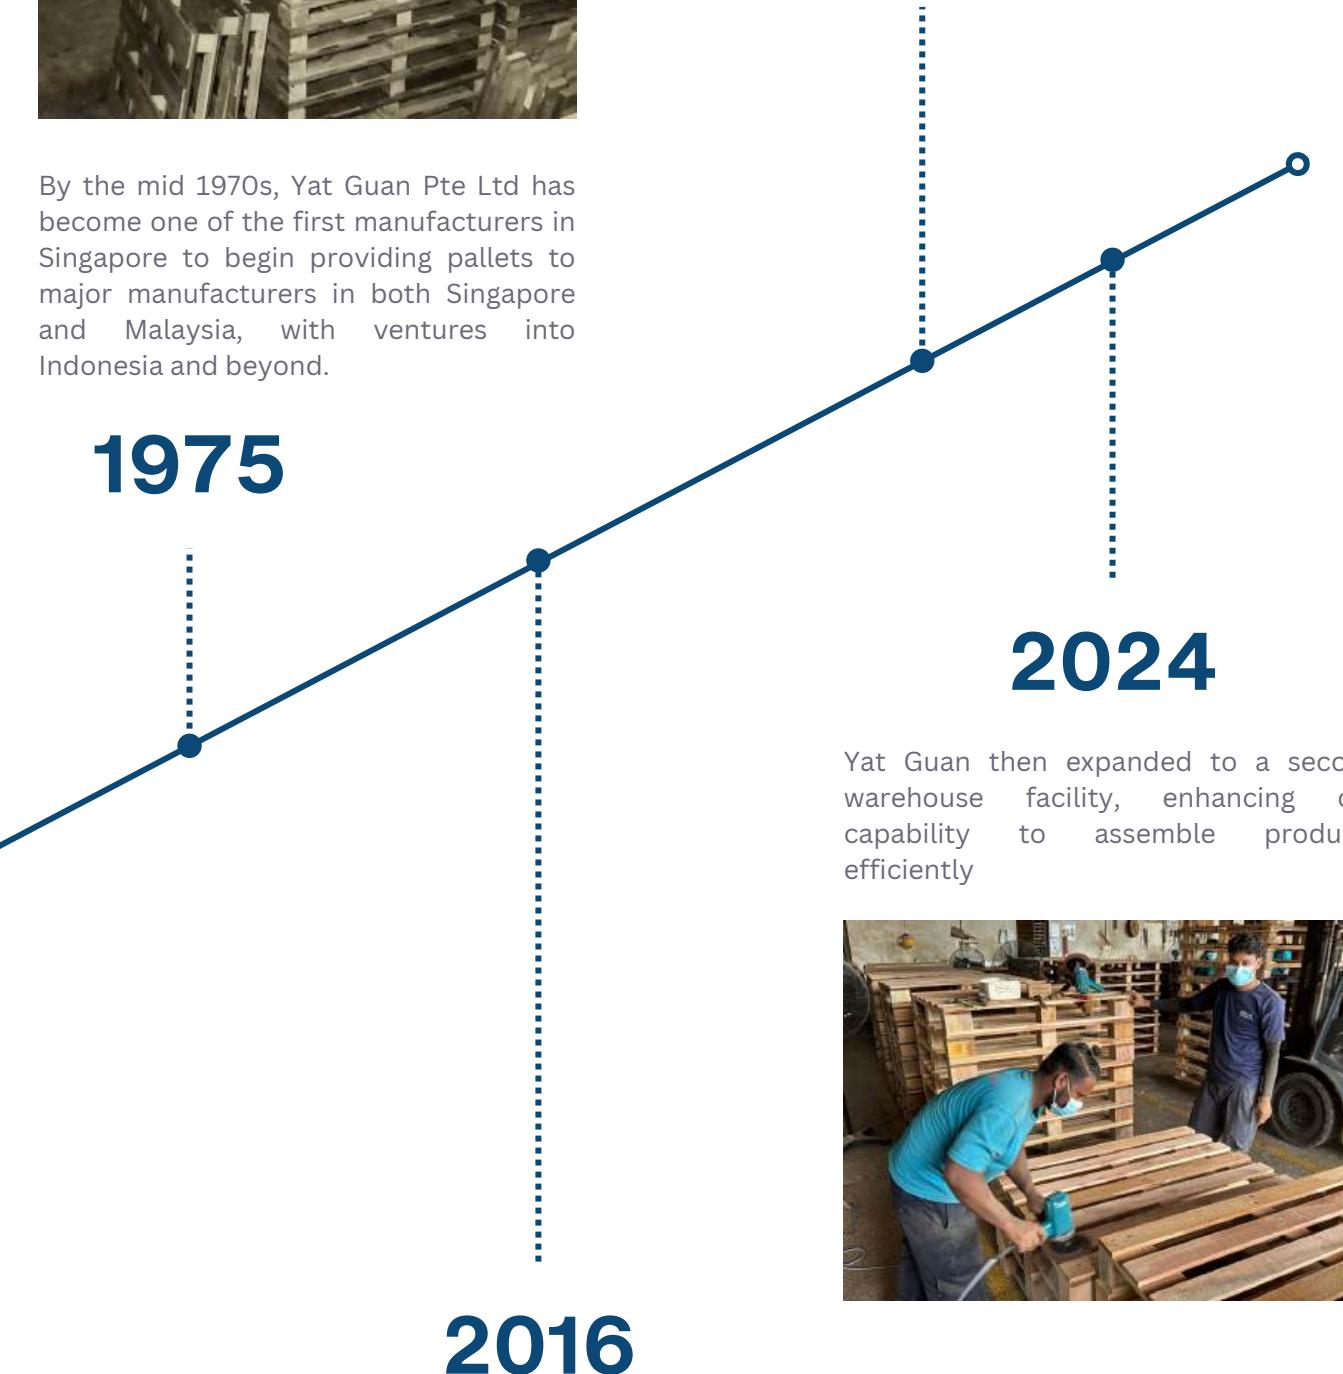

In 1961 the infamous Bukit Ho Swee Fire severely damaged the sites at Havelock Road and Palmer Road. With steadfast resilience, the company recovered from the tragedy and grew from strength to strength.
